

Y.E.S. Speakers Bureau and Tour Hosts

The Y.E.S. (Your Employability Skills) Northeast Certificate Program is a 1-credit 120 hour, yearlong elective course targeted at high school seniors, which is integrated into the high school curriculum. The program is designed to bridge the worlds of education and work by developing and enhancing students' basic job skills that managers in all businesses and industries require.

My company would be interested in being added to the Y.E.S. Speakers Bureau and understand that I may be contacted at any time during the school year to speak to the students. I would be interested in speaking on the topics I have checked below and/or hosting a tour at my facility.

Currently over 330 businesses in Schuylkill, Luzerne and Erie Counties offer preferred interviews to our Y.E.S. graduates. This simply means you will offer an interview, but are under no obligation to hire. Businesses do this because our graduates provide them with employees that save the company time and money as well as employees who can grow with the company.

Would your company be willing to offer preferential interviews to Y.E.S. graduates?

YES

NO
